APPROVAL OF MINUTES

A. April 23, 2009 Authority Meeting

Minutes from the Authority's April 23, 2009 meeting were presented for approval. Ms. Stokley offered a motion to approve the minutes; Mr. Conroy seconded. Mr. Escher voted yes, Ms. Kralik voted yes, Mr. Conroy voted yes, and Ms. Stokley voted yes. The minutes were approved.

BOND SALE REPORT

Virtua Health, Inc.

Dennis Hancock reported that the Authority completed the pricing and closed on the 2009 Virtua issue, which was sold through two official statements: one for a fixed rate bonds, and one for variable rate bonds. Prior to the pricing of the fixed rate issue, the underwriters indicated that there

had been almost \$10 billion of taxable “Build America Bonds” sold and that typical tax-exempt institutional purchasers were concerned that the supply of tax-exempt product might be reduced. It was expected that this would have a beneficial impact on the Virtua issue by gaining stronger institutional support and competition.

On Monday April 27th, the underwriters suggested a structure that had serial bonds from 2016 through 2021 with term bonds in 2024, 2029 and 2038 and a 5-year call period. The 2038 term bond would not be offered during the retail order period and would be held out for institutional buyers. Since Assured Guaranty’s commitment was capped at \$295 million in bonds, the initial pricing included approximately \$16 million of unenhanced bonds in the 2016 and 2017 maturities with proposed yields at 4.40% and 4.60%, respectively. The remaining insured serials would have proposed yields ranging from 4.45% through 5.45%.

By noon, retail orders accounted for approximately 35% of the bonds. The underwriter suggested bi-furcating the remaining balances with higher coupons and 10-year call protection to attract more attention. Additionally, Virtua planned to issue \$245 million of variable rate debt on May 13th with a portion of that debt secured by a letter of credit from M&T Bank. Because the fixed rates were relatively attractive, Virtua requested that the proposed M&T variable rate debt be restructured as fixed rate unenhanced bonds thus increasing the size of the fixed rate deal by approximately \$68 million.

The underwriters’ institutional sales forces had been talking with potential purchasers and felt comfortable that they could complete the deal on Monday. The team agreed to move forward with the sale, and a verbal award was made late Monday afternoon. Similar to the proposed structure, serial bonds were issued in 2016 through 2021 with yields ranging from 4.40% to 5.0% with various maturities having five- or ten-year call protection. The 2016 and 2017 serials were uninsured as was a 2033 term bond, which had a yield of 6% and ten-year call protection. Other insured maturities included a term bond in 2024 yielding 5¼% with five-year call protection, a term bond in 2029 yielding 5.45% with five-year call protection, and a term bond in 2038 yielding 5.63% with ten-year call protection. The final sizing for the fixed rate bonds came in at \$379,645,000 with an all-in TIC of 5.82%.

After signing a Purchase Contract for this series on April 28th, the working group was notified on May 4th that Fitch downgraded Assured Guaranty from “AAA” to “AA.” This action raised serious concerns, however, the managers spoke with investors and all parties agreed to move forward to closing without any interest rate adjustment.

On May 13th, the working group began the pricing of four series of variable rate bonds totaling \$185,000,000.

Two of the four series, totaling \$100 million, were issued in a daily mode enhanced by a JPMorgan Chase letter of credit. The initial price was set at 15 basis points.

The remaining two series, totaling \$85 million, were issued in a weekly mode enhanced by a TD Bank letter of credit. The initial price established for these series was 30 basis points. Since the initial pricing the variable rates have remained fairly stable.

Mr. Escher asked about the rating for unenhanced portion, to which Mr. Hancock replied that they were issued based upon Virtua’s rating, which is in the straight “A” category. Mr. Van Wart added that construction on the facility is underway. Mr. Escher congratulated the working group on a successful issuance in today’s tricky market. This report was for informational purposes only; no action was required. Mr. Lee entered the meeting during this presentation.

CONTINGENT BOND SALE

Catholic Health East

Lou George began by introducing two representatives from Catholic Health East (“CHE”): Randy Schultz, Vice President, Capital Strategy & Management; and Dan Davis, Director of Capital Management. CHE operates health care facilities with an aggregate of over 12,000 beds in eleven states on the east coast and operates residential facilities for the elderly with approximately 1800 units. In New Jersey, Our Lady of Lourdes Medical Center in Camden, Lourdes Medical Center of Burlington County in Willingboro, and Saint Francis Medical Center in Trenton are all members of the CHE Health System and the Obligated Group.

Mr. George reminded the Members that in January they had approved a refinancing of \$101,395,000 of index bonds issued in April of 2007. The 2007 transaction was part of a multi-state deal, and the New Jersey interest rate was structured as 67% of Libor plus 80 basis points reset and payable on a quarterly basis (each February, May, August and November 15th). Unlike a pure variable rate transaction, there was no liquidity facility in place wherein an investor could put their bonds if they wanted to get out of the investment. The investor could only sell their holdings in the secondary market, and because of this lack of liquidity, investors are no longer interested in index rate products.

Further, he noted that the approval in January was based upon an issuance solely on the credit of CHE and hence required the Authority’s monitoring and derivative covenants. CHE was uncomfortable with the covenants and did not move forward with the transaction. Subsequently, CHE requested the Members’ consideration of less restrictive covenants. After giving it consideration, the Members agreed to limit the availability of hospital board documents by not requiring the Authority to take actual possession of the documents so long as they were made available for review. Also, the Members agreed to permit the collateralization of derivatives if such collateralization was allowed as a permitted encumbrance and assuming that after the collateral was posted, the borrower would have at least 60 days cash on hand. In addition, the Members agreed that, subject to certain criteria (for example, a minimum A rating, or a credit enhancement), the Members would be willing to limit the monitoring rights to only include attendance at hospital board meetings for facilities which had received Authority financing.

Staff had also advised CHE that the derivative policy would be waived if the transaction were insured, as the Authority would defer to the credit enhancer’s requirements.

CHE has decided to obtain bond insurance for the financing through Assured Guarranty, thereby eliminating the Authority’s derivative covenant within the Loan Agreement. Assured Guarranty has completed their credit analysis and is willing to insure the transaction; however, CHE is still negotiating covenants with Assured Guarranty and, therefore, a final commitment letter has not been executed.

As with the January approval, CHE believes that they can benefit from this liquidity crisis and are asking for authorization to conduct a negotiated public offering to refinance their Series 2007 bonds and pay the related costs of issuance including a swap termination fee. CHE will be offering the investors an exchange rate of approximately 60 cents on the dollar for a fixed rate bond at current interest rates in the range of 5.75 to 7%. The Series 2007 issue did not have a debt service reserve fund and neither will the new issue.

Mr. George also noted that the 2007 bonds were narrowly distributed to some of the larger bond funds. Merrill Lynch and Goldman Sachs, the underwriters for the proposed transaction, are not making a formal tender offer to the bondholders but instead are reaching out to the bonds funds, many of whom, they believe will jump at chance to convert their holdings. The bondholders will have two options to:

1. Exchange their bonds for new fixed rate bonds, or
2. Keep their index bonds

The bonds will be sold through an insured public offering with a “AAA” rating from Standard & Poors and “AA” ratings from Moody’s and Fitch.

BOND RESOLUTION

John Cavaliere of McManimon & Scotland, L.L.C. stated that the Bond Resolution authorizes the issuance of the tax-exempt Series 2009 bonds in an aggregate principal amount not in excess of \$106,000,000 and at a true interest cost not to exceed 9% per annum. The bonds will have a final maturity date of no later than November 15, 2039 and an optional redemption price not in excess of 105%. The bonds will be insured and secured by payments made by the members of the obligated group under a Loan Agreement, as evidenced and secured by a Note issued pursuant to the provisions of a Master Trust Indenture and Supplemental Indenture. The obligated group consists of CHE and all the system affiliates that collectively generate and own a substantial portion of the revenues and assets of the CHE Health System.

Further, the Bond Resolution approves the form of and authorizes the execution of a Bond Purchase Contract with Merrill Lynch, Pierce Fenner & Smith Incorporated, acting on behalf of itself and Goldman Sachs, prior to close of business on August 28, 2009 and approves the form, terms, and provisions of the Loan Agreement and Bond Indenture, the form of the Bonds, and the Official Statement. The resolution also authorizes the Authorized Officers to take any action and execute any document or give any consent required under the Bond Resolution, Loan Agreement or the Bond Indenture.

Lastly, the Bond Resolution approves The Bank of New York Mellon Trust Company N.A., of Pittsburgh, Pennsylvania to serve as trustee, authenticating agent, registrar and paying agent.

Mr. Escher reiterated that the contingency proposed relies upon the caveat that CHE obtain bond insurance. Mr. Schultz agreed and stated that CHE is fairly confident at this point that it will be able to get the desired insurance, noting that there is just one remaining item in negotiation. Mr. Escher moved to adopt the Bond Resolution. Mr. Conroy seconded. The vote was unanimous and the motion carried.

AB RESOLUTION NO. JJ-01

NOW, THEREFORE, BE IT RESOLVED, that the Authority hereby approves the Bond Resolution entitled, “A BOND RESOLUTION AUTHORIZING THE ISSUANCE OF NEW JERSEY HEALTH CARE FACILITIES FINANCING AUTHORITY, HEALTH SYSTEM REVENUE BONDS, CATHOLIC HEALTH EAST ISSUE, SERIES 2009.”

NEGOTIATED SALE REQUESTS

A. Kennedy Health Care Center

Mr. Hopkins reported that Kennedy Health Facilities, Inc., doing business as Kennedy Health Care Center (“Kennedy Care”), signed a Memorandum of Understanding with the Authority to undertake a tax-exempt financing, the proceeds of which would be used to construct and equip a 60-bed sub-acute care addition to its 130-bed skilled nursing facility. With capitalized interest, costs of issuance, funding a debt service reserve fund and other costs, Kennedy Care is seeking to finance a total of approximately \$18 million through the Authority.

Mr. Hopkins described Kennedy Care as a not for profit corporation that operates a 130-bed skilled nursing facility in Sewell. It is a subsidiary of Kennedy Health System, Inc., a not

for profit corporation with numerous entities including Kennedy Memorial Hospitals – University Medical Center, a 588-bed multi-campus hospital system with hospitals in Stratford, Cherry Hill and Turnersville.

While the Authority has issued bonds on behalf of its parent, Kennedy Health System, (of which approximately \$67.9 million are currently outstanding), the Authority has not issued any bonds on behalf of Kennedy Care. Kennedy Health System will not be obligated on the bonds being considered today.

According to the consolidated audited financial statements provided with the Memorandum of Understanding, Kennedy Care generated excess revenues over expenses of approximately \$568,000 in 2008 and \$582,000 in 2007. Unaudited information for the first quarter of 2009 shows excess revenues over expenses of approximately \$110,000.

According to Mr. Hopkins, Kennedy Care asked that the Authority permit the use of a negotiated sale based on (i) the sale of a complex or poor credit, (ii) market volatility and (iii) the expected use of variable rate debt, all of which are considered under the Authority's Executive Order #26 policy to be justifications for the use of a negotiated sale. Mr. Hopkins recommended the consideration of a resolution approving the use of a negotiated sale and the forwarding of a copy of the justification in support of said resolution to the State Treasurer.

He added that, after performing a competitive process, Kennedy Care selected Cain Brothers as Senior Managing Underwriter for the bonds. Additionally, Kennedy Care researched several law firms from the Authority's qualified list and requested that the Attorney General's Office appoint Cozen O'Connor to serve as bond counsel on the transaction. The decision of the Attorney General's Office is pending.

Mr. Lario confirmed for Ms. Stokley that the project would increase the facility's current total of 10 sub-acute care beds to 60 sub-acute care beds. Ms. Stokley noted that Medicare is a primary payer for sub-acute care, to which Mr. Lario confirmed that approximately 90% is funded by Medicare. Ms. Stokley asked if there are any concerns about the future of Medicare reimbursement rates, to which Mr. Koss stated that there are no Medicare changes expected that would impact revenues for sub-acute care services; Ms. Stokley stated that she was under the same impression. Mr. Lario noted that the market for sub-acute care in the area seems vastly underserved with hospitals struggling to find beds into which they can transfer patients. Ms. Stokley also agreed that she does not anticipate any difficulty filling these beds.

Mr. Lee moved to adopt the resolution approving the pursuit of a negotiated sale on behalf of Kennedy Health Care Center, and the forwarding of a copy of the justification in support of said resolution to the State Treasurer. Ms. Stokley seconded. The vote was unanimous and the motion carried.

AB RESOLUTION NO. JJ-02

B. Chilton Memorial Hospital

At this point, there was a break in the meeting while staff retrieved some updated information for the following presentation.

Mr. Hopkins then reported that Forrest S. Chilton 3rd Memorial Hospital, Inc. ("Chilton") signed a Memorandum of Understanding with the Authority to undertake a tax-exempt financing, the proceeds of which will be used to: (i) refund the approximately \$14.9 million in outstanding Series D Revenue bonds issued by the Authority on behalf of Chilton in 1993, (ii) refinance a taxable construction loan of \$10.8 million, which was used to renovate

Chilton's family care center nursing unit, radiation department and common area hallways, purchase MRI equipment and construct an addition therefore, and (iii) finance \$14 million for the purchase of surgical and cardiac catheterization equipment and to renovate the cardiac catheterization suite, a 46-bed nursing unit, a 44-bed nursing unit, the surgical area and the wound care center at Chilton's hospital campus. With costs of issuance, funding a debt service reserve fund and other costs, Chilton is seeking to finance a total of approximately \$41.3 million through the Authority.

In 1993, the Authority issued nearly \$43.5 million in Series D bonds for Chilton, of which \$14.9 million remains outstanding as of March 31, 2009. The Series D bonds are expected to be refunded by the bonds being considered today. The Authority also issued bonds on behalf of Chilton in 1974, 1981 and 1985. None of those bonds remain outstanding.

Mr. Hopkins described Forrest S. Chilton 3rd Memorial Hospital, Inc. as a 256-bed not for profit acute care hospital located in located in Pequannock Township. Chilton is also the sole corporate member of Chilton Memorial Hospital Foundation, Inc., which was formed to solicit and receive contributions for the benefit of Chilton, its affiliates and other organizations.

According to the consolidated audited financial statements provided with the Memorandum of Understanding, Chilton generated revenues less than expenses of approximately \$9 million in 2008 and excess revenues over expenses of approximately \$8.1 million in 2007. The loss in 2008 was primarily attributable to an almost \$10.4 million loss in investments.

Chilton has asked that the Authority permit the use of a negotiated sale based on (i) the sale of a complex or poor credit and (ii) market volatility, both of which are considered under the Authority's Executive Order #26 policy to be a justification for the use of a negotiated sale. Mr. Hopkins recommended the consideration of a resolution approving the use of a negotiated sale and the forwarding of a copy of the justification in support of said resolution to the State Treasurer.

Mr. Hopkins added that, after performing a competitive process, Chilton selected Merrill Lynch, Pierce, Fenner & Smith Incorporated as Senior Managing Underwriter for the bonds. Additionally, Chilton researched several law firms from the Authority's qualified list and received the approval of the Attorney General's Office to have Windels Marx Lane & Mittendorf serve as bond counsel.

Mr. Escher moved to adopt the resolution approving the pursuit of a negotiated sale on behalf of Chilton Memorial Hospital, and the forwarding of a copy of the justification in support of said resolution to the State Treasurer. Ms. Kralik seconded. The vote was unanimous and the motion carried.

AB RESOLUTION NO. JJ-03

AUDIT COMMITTEE REPORT

Maryann Kralik as Member of the Authority's Audit Committee reported that the Committee met on May 5, 2009 to consider extending the Authority's auditing services contract with Ernst & Young for the last allowable one-year extension. The initial three-year contract expired with the completion of the 2007 audit, at which point the Authority approved the first of two one-year contract extensions. This extension expired upon the recent completion of the 2008 audit.

Ms. Kralik stated that Ernst & Young offered to forego the cost of living fee increases negotiated for the extended services, providing their services for the same amount charged for the 2008 audit. The Committee appreciates this consideration, which saves the Authority more than \$1,600, and the Authority continues to be pleased with Ernst & Young's work on the audits.

Therefore, the Audit Committee recommended the Authority's acceptance of the last allowable one-year extension to the Authority's current auditing contract with Ernst & Young. Ms. Kralik made a motion to approve the extension; Ms. Stokley seconded. The vote was unanimous and the motion carried.

AB RESOLUTION NO. JJ-04

NOW, THEREFORE, BE IT RESOLVED, that the Authority hereby approves the last allowable one-year extension to the Authority's current auditing contract with Ernst & Young, extending their auditing services through the completion of the Authority's 2009 audit.

AMENDMENT TO LOAN AND TRUST AGREEMENT

Children's Specialized Hospital

Jim Van Wart began by introducing Warren Moore, Chief Operating Officer of Children's Specialized Hospital. He then reminded the Members that on October 13, 2005, the Authority issued Series A bonds in the amount of \$32,895,000 and Series B bonds in the amount of \$24,000,000 on behalf of Children's Specialized Hospital ("Children's Specialized"). The funds were used to construct a new hospital in New Brunswick, and to fund a debt service reserve fund and a capitalized interest fund. A Loan and Trust Agreement was executed as part of the bond issue.

In the Loan and Trust Agreement, there was no provision for the sale or disposition of real property. Children's Specialized has requested that the Authority amend the Loan and Trust Agreement to allow for the sale of its real property in Fanwood, New Jersey. The Loan and Trust Agreement permits the amendment with the consent of the majority of the bondholders. Mr. Van Wart reported that, at this time, a majority of the bondholders, the Foundation, and Wachovia have all approved Amending the Loan Agreement as requested.

Distributed to the Members was a form of the amendment, a draft of the Resolution along with a draft of the opinion of Bond Counsel (DeCotiis, Fitzpatrick and Cole & Wisler, LLP) which opines that the amendment to the Loan and Trust Agreement is allowable with the consent of the majority of bondholders and that its execution will not affect the tax exempt status of the bonds. Mr. Van Wart added that the Attorney General's office has no objection to the Authority's consideration of this matter.

Ms. Kralik asked why the original Loan Agreement does not permit the sale of this property, to which Mr. Van Wart stated that the hospital pledged revenues to back the bonds and this property was a revenue-producing property included in that calculation; it will no longer be such once it is sold.

Mr. Conroy moved to amend the loan and trust agreement on behalf of Children's Specialized Hospital as requested to allow for the sale of certain property. Ms. Kralik seconded. The vote was unanimous and the motion carried.

AB RESOLUTION NO. JJ-05

NOW, THEREFORE, BE IT RESOLVED, that the Authority hereby adopts the “FIRST SUPPLEMENTAL RESOLUTION AUTHORIZING THE FIRST AMENDMENT OF THE LOAN AND TRUST AGREEMENT IN CONNECTION WITH THE NEW JERSEY HEALTH CARE FACILITIES FINANCING AUTHORITY FIXED RATE REVENUE BONDS (CHILDREN’S SPECIALIZED HOSPITAL PROJECT) SERIES 2005A AND VARIABLE RATE REVENUE BONDS (CHILDREN’S SPECIALIZED HOSPITAL PROJECT) SERIES 2005B, ADOPTED ON SEPTEMBER 22, 2005” (*attached*).

CHANGE IN INSURANCE BROKER

Mike Ittleson reported that, since 1997, the Authority has used the broker under State contract in order to obtain all of its insurance policies. On January 13, 2009, after completing a Request for Proposal, the State awarded its contract for Insurance Brokerage services to J&H Marsh & McLennan. The contract is for a three year period ending December 31, 2011.

Unlike the previous contracts, this contract is not net of commission for Cooperative Purchasing Partners which the Authority is classified as for use of State contracts. The Authority will incur commissions, but the commissions will be part of the gross premium, not “in addition to.” Under the previous contracts, the broker was paid a monthly fee by the State regardless of amount of work done during the month. No fee was charged to or paid by the Authority.

Mr. Ittleson noted that, no action was required at this time. If there are no objections by the Members, staff will make the switch to J&H Marsh & McLennan, the insurance broker now under State contract.

Mr. Escher asked if there were any grounds for denial, to which Mr. Ittleson reiterated that it is the Authority’s current practice to follow the State’s lead regarding insurance. He noted that if the Members did have a concern about the D&O policy, for example, staff could issue a Request for Proposals seeking other offers, but staff sees no reason to recommend that at this point. Mr. Ittleson added that the Authority has previously used Marsh for insurance and presumably, this time around, the Authority could get even better rates since there is more bargaining power due to the fact that the Authority would be negotiating as a part of the State package. However, at this point, it cannot be said what the premiums will look like. Mr. Escher noted that staff and the Authority will just make note of the change and keep an eye on the premium levels going forward.

AMENDMENT TO THE AUTHORITY’S 2009 BUDGET

Michael Ittleson reminded the Members that in July 2002, the Authority purchased a new telephone system from Expert Technology Associates. Representatives from Expert Technology Associates have since informed staff that the main components of the system will be deemed obsolete effective December 31, 2009 because the technology is at least 10 years old. As such, the Authority’s system will no longer be supported through a maintenance contract, which will make repair costs and the ability to obtain parts an issue.

A special upgrade promotion that would allow the Authority to continue to use the existing phones is available until July 31, 2009 and costs \$12,995. The upgrade comes with a free one-year

warranty that also covers the Authority's existing phones. The upgraded system will also be supported for at least the next 10 years.

If the Authority does not take advantage of the upgrade promotion, the cost to replace the main components at a later date would increase to approximately \$20,000.

Therefore, staff recommended upgrading the main telephone system components. Since the 2009 budget for the office equipment line item is only \$10,000, the Members were asked to approve transferring \$3,349 from the "office equipment/software maintenance" line item to the "office equipment and furniture" purchase line item in order to fund the upgrade. Note, that amount was budgeted in the latter category for the annual telephone maintenance contract, which would not need to be renewed in August 2009 if the upgrade is approved.

Mr. Ittleson added that the Authority had originally depreciated the telephone system over 5 years so the fact that it has been in place for seven years has already been a financial gain for the Authority.

Mr. Lee moved to amend the Authority's 2009 Budget to allow for the replacement of its telephone system, as requested by staff. Ms. Kralik seconded. The vote was unanimous and the motion carried.

AB RESOLUTION NO. JJ-06

NOW, THEREFORE, BE IT RESOLVED, that the Authority hereby amends its 2009 Budget, transferring \$3,349 from the "office equipment/software maintenance" line item to the "office equipment and furniture" purchase line item in order to fund the upgrading of the telephone system.

AB RESOLUTION NO. JJ-02

**RESOLUTION OF INTENT TO ISSUE REVENUE BONDS BY
NEGOTIATED TRANSACTION PURSUANT TO
EXECUTIVE ORDER NO. 26**

Kennedy Health Care Center

WHEREAS, the New Jersey Health Care Facilities Financing Authority (the “Authority”) was duly created and now exists under the New Jersey Health Care Facilities Financing Authority Law, P.L. 1972, c. 29, N.J.S.A. 26:2I-1 et seq., as amended (the “Act”), for the purpose of ensuring that all health care organizations have access to financial resources to improve the health and welfare of the citizens of the State; and,

WHEREAS, the Authority issues its bonds from time to time for the achievement of its authorized purposes; and

WHEREAS, on October 25, 1994, the Governor issued Executive Order No. 26 which sets forth procedures by which an issuer may determine the method of sale of bonds or notes; and,

WHEREAS, on December 8, 1994, the Authority adopted Section 2 of its policy which was developed to implement Executive Order No. 26, which requires an Authority resolution to pursue a negotiated sale of bonds; and,

WHEREAS, on March 28, 1996, the Authority amended its policy related to Executive Order No. 26; and,

WHEREAS, the Authority’s policy states that a negotiated sale of bonds will be conducted if it is determined by the Authority that it would better serve the requirements of a particular financing; and,

Re: \$32,895,000 New Jersey Health Care Facilities Financing Authority Fixed Rate Revenue Bonds (Children's Specialized Hospital Project), Series 2005A; and
\$24,000,000 New Jersey Health Care Facilities Financing Authority Variable Rate Revenue Bonds (Children's Specialized Hospital Project), Series 2005B

Ladies and Gentlemen:

We have been asked to render certain opinions in connection with the financing of certain additional projects with proceeds of the New Jersey Health Care Facilities Financing Authority's (the "Authority") \$32,895,000 original principal amount of Fixed Rate Revenue Bonds (Children's Specialized Hospital Project), Series 2005A (the "Series 2005A Bonds") and \$24,000,000 original principal amount of Variable Rate Revenue Bonds (Children's Specialized Hospital Project), Series 2005B (the "Series 2005B Bonds" and, collectively with the Series 2005A Bonds, the "Series 2005 Bonds"), both dated November 1, 2005. The Series 2005 Bonds were issued under and pursuant to the laws of the State of New Jersey (the "State"), including particularly the New Jersey Health Care Facilities Financing Authority Law, N.J.S.A. 26:2I-1 *et seq.*, as amended and supplemented (the "Act"), and a Loan and Trust Agreement, dated as of October 1, 2005 (the "Loan and Trust Agreement"), by and among the Authority, Children's Specialized Hospital (the "Borrower") and TD Bank, N.A. (as successor in interest to Commerce Bank, National Association), as trustee (the "Trustee"). The Loan and Trust Agreement provides for, among other things, the loan of the proceeds of the Bonds to the Borrower. Capitalized terms used but not defined herein shall have the meanings ascribed thereto in the Loan and Trust Agreement.

The Bonds were issued pursuant to a financing program sponsored by the Authority to provide funds to the Borrower to finance (i) certain costs of constructing and equipping a new pediatric rehabilitation hospital, to be located in New Brunswick, New Jersey and certain related land acquisition costs (the "Project"), (ii) a deposit to the Debt Service Reserve Fund, (iii) capitalized interest on all or a portion of the Bonds, and (iii) the costs of issuing the Bonds.

The Borrower now proposes to transfer ownership of the school program and child care program at its Fanwood Facility (defined below) and, in connection therewith, seeks to amend the Loan Agreement to add the following definition to Section 102 of the Loan and Trust Agreement:

"Fanwood Facility" means the business consisting of a special education school for children known as Children's Specialized Hospital School and a day care center for special needs children known as A Special Place, both located at 330 Fanwood Avenue, Fanwood, New Jersey, together with all right, title and interest in related assets, including, but not limited to, the real property located at such address, the building located thereon and all fixtures and equipment relating thereto;

and to add the following paragraph as Section 615(c):

(c) Notwithstanding any other provision of this Agreement, the Borrower shall be permitted to remove, sell, lease, loan, assign, grant or otherwise dispose of all or a portion of the assets comprising the Fanwood Facility.

The Fanwood Facility was not financed with proceeds of the Series 2005 Bonds.

The Borrower has secured the consent of a majority of the holders of the outstanding Series 2005 Bonds, Wachovia Bank, National Association, and Children's Specialized Hospital Foundation, Inc., guarantor, to effect the foregoing amendment to the Loan Agreement. On May 28, 2009, the Authority adopted a resolution entitled, "FIRST SUPPLEMENTAL RESOLUTION AUTHORIZING THE FIRSTAMENDMENT OF THE LOAN AND TRUST AGREEMENT IN CONNECTION WITH THE NEW JERSEY HEALTH CARE FACILITIES FINANCING AUTHORITY FIXED RATE REVENUE BONDS (CHILDREN'S SPECIALIZED HOSPITAL PROJECT) SERIES 2005A AND VARIABLE RATE REVENUE BONDS (CHILDREN'S SPECIALIZED HOSPITAL PROJECT) SERIES 2005B, ADOPTED ON SEPTEMBER 22, 2005", approving of the First Amendment to Loan and Trust Agreement.

The Internal Revenue Code of 1986, as amended (the "Code"), imposes certain requirements that may have to be met or must be met on a continuing basis subsequent to the issuance of the Bonds in order that interest on the Bonds be and remain excluded from gross income of the owners thereof for federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements may cause interest on the Bonds to be included in gross income of the owners thereof retroactive to the date of issuance of the Bonds, regardless of when such noncompliance occurs. The Authority and the Borrower have each covenanted to do and perform all acts and things permitted by law and necessary to assure that interest paid on the Bonds be and remain excluded from gross income of the owners thereof for federal income tax purposes pursuant to Section 103 of the Code. The Authority's Tax Certificate with respect to the Bonds (the "Authority Tax Certificate") and the Borrower's Tax Certificate with respect to the Bonds (the "Borrower Tax Certificate"; and collectively with the Authority Tax Certificate, the "Tax Certificates"), which were delivered concurrently with the delivery of the Bonds, contain provisions and procedures regarding compliance with the requirements of the Code. The Authority and the Borrower, in executing their respective Tax Certificates, certified to the effect that the Authority and the Borrower expect and intend to comply with the provisions and procedures contained therein.

In our capacity as Bond Counsel we have examined such documents, records of the Authority and other instruments as we deemed necessary to enable us to express the opinions set forth below. We have assumed with your permission that the Borrower continues to be an organization described in Section 501(c)(3) of the Code. As to matters of fact, we have relied upon the representations of the Borrower and, where we have deemed appropriate, upon representations or certifications of public officials. Further, in expressing such opinions, we have relied upon the genuineness, accuracy and completeness of the documents and other instruments that we have examined.

Based upon and subject to the foregoing, it is our opinion that:

1. The First Amendment to Loan Agreement has been duly authorized, executed and delivered by the Authority and complies with the provisions of the Loan and Trust Agreement.
2. The First Amendment to Loan Agreement and the sale of the Fanwood Facility will not, in and

of itself, adversely affect the exclusion of interest on the Bonds from gross income of the holders thereof for federal income tax purposes.

This opinion is given as of the date hereof, and we express no opinion as to any matter not set forth in the numbered paragraphs herein. Our opinions are specifically limited to the present internal laws of the State of New Jersey and federal law and no opinion is expressed as to the effect the law of any other jurisdiction might have upon the subject matter of the opinions expressed herein under conflict of laws principles or otherwise. We assume no obligation to update or supplement this opinion to reflect any facts or circumstances which may hereafter come to our attention or any change in law which may hereafter occur.

This opinion is furnished to you and may not be relied upon or used by any other person without the prior written consent in each instance of a partner of the undersigned firm.

Very truly yours,

DeCotiis, FitzPatrick, Cole & Wisler, LLP
